

# NYE 2019

Debating at 20h00 this 31<sup>st</sup> December 2019, our countdown celebration for a magical New Year's Eve event went on as planned.

Despite the tropical storm that affected the island two days prior to the New Year's Eve party, our team managed to get everything ready for this exceptional night.

Amidst the turbulent weather, our main restaurant Coast2Coast and Breakers Bar along with the erected grand marquee tent were transformed within a few hours to host guests of Maradiva and Sands.

As our guests were presented to the delightful multi-course gala menu, the striking voice of our lead singer and the special effects complemented to the effervescence of a show-stopping New Year's Eve party. Soon after, our guests swung to the best hits of the 70s to now.

As we bid farewell to 2019, guests rejoiced in the new year with a dazzling ballet of fireworks and danced the night away.
