“ARTIST IN RESIDENCE” PROJECT LAUNCHED AT MARADIVA

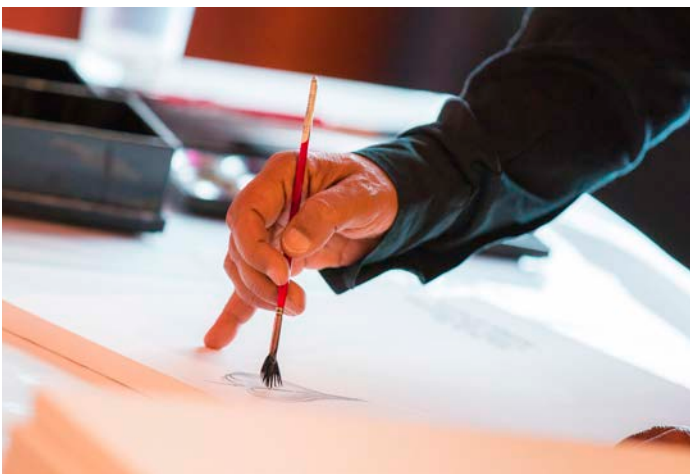

Abhishek Basu - Executive Trustee, Basu Foundation for the arts, Maestro Satish Gupta & Sanjiv Ramdane - CEO Maradiva Villas Resort & Spa

Our most awaited project, “Artist in Residence”, in close collaboration with the Basu Foundation for the Arts, has come to life.

During this first residency, the renowned Indian artist, Maestro Satish Gupta has executed a series of paintings at Maradiva and at Gris Gris, in the south of Mauritius. The paintings which are centred around the sea and the moon, are a continuity of his collection of paintings known as “The numerous seas of the world”.

The unveiling of his work took place on the 24th November. On this occasion, the invitees and the guests were honoured with live calligraphies, haikus narrated by his Excellency, the Vice-President Mr. Barlen Vyapoor and a live painting to the sound of Djembe music. The proceeds from the sale of his first painting will be donated to the charity “Fondation pour L'enfance - Terre de Paix”. Stay tuned for future projects.

Artist in residence will be back in February 2018.
