

ANNUAL WHITE PARTY

As dusk sets in, so the party mood begins. Guests arrive and start to form the 'white' crowd. White Party number nine is about to start! The sheer elegant look of the ladies and the gentlemen's great outfit set the tone for another classic event. As the DJ kicks in, guests have a taste of our savoury dishes accompanied by a selection of drinks. During the CEO's speech, he thanked all the partners and the sponsors for their support, and presented the fitness and entertainment team of both resorts. There was also a short video showing the major events marking the year and finally a moment's silence for the two brothers and one sister of our team who have passed away in tragic circumstances this year. This was followed by spectacular fireworks display with an amazing climax at the end. The guests then hit the dance-floor till late. Another memorable evening and the White Party will return next year....

Special thanks to our main sponsors
